

Why Soil Test?

- + Save \$ (by only using what your soil needs)
- + Maximize your results (perfectly balanced nutrition means maximum growth)
- + Protect the environment (little to no run-off when you give your plants exactly what they need)

CONSIDER:
Would your doctor prescribe medication without running tests first?

GARDEN HEALTH

Professional Soil Test Kit

Diagnose Deficiencies

All materials and instructions included!
No postage necessary!

GARDEN HEALTH Professional Soil Test Kit shows you deficiencies or surpluses in your soil's nutrients, and how to correct them to create beauty in YOUR landscape

Receive customized fertilizer recommendations to put your Best Garden Forward!

What's Inside?

- + 1 sample collection bag
- + Instructions
- + Postage-paid mailing tube

Use the enclosed postage mailer to send a soil sample to BGI to find out what nutrients your soil needs to grow healthy flowers, trees, shrubs, lawns, fruits and vegetables. If you have any additional questions, or would like information about water sample and plant tissue testing please contact us directly at, (561) 374-9216 or visit www.BGI-USA.com.

No additional postage or payment is needed. Once your sample is received by our team, results are typically returned to you within 10-14 days.
